**Miraculous Benefit**  
RECEIVED FROM  
**Dr. Miles' New Heart Cure.**

ELI P. BADCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co. of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

**CABINET CRISIS**

Fall of the Sagasta Ministry Likely In a Short Time.

**DOWN WITH BURBONS**

Was the Cry Raised on the Streets of the Don's Capital.

**CALLED ON SAGASTA**

Mob Shouted In Favor of the Minister's Resignation. Weyler Cheered.

**OPPOSED TO A REPUBLIC**

Campos or Queen Regent May Be Dictator.

Much Disaffection Over the Proclamation Declaring Martial Law—Government Refused Great Britain's Offer to Protect Chinese in the Philippines. Weyler Writes an Article in Which He Accuses the Government of Weakness and Says the Spanish Army Is Superior to the Yankees.

London, May 4.—The Madrid correspondent of The Daily Mail says: "There is no longer any doubt that the internal situation is causing the government almost as much uneasiness as the external. Monday night's demonstration was the most serious for some time, since those participating openly showed their revolutionary tendencies. Cries were raised of 'Down with the Barbons,' 'Long live Don Carlos,' 'Long live the republic,' and 'Long live Weyler.'"

"The first move of the demonstrators, (over 1,000 strong) was to the house of General Weyler, with the object of cheering him. He did not appear and the crowd then went to the residence of Senor Sagasta, where the ministers were in conference, and shouted in favor of his resignation. Senor Aguilera, civil governor of Madrid, broke up the procession with the aid of the police, who were badly stoned and had to charge the crowd. The authorities thereupon met with Senor Aguilera, who announced his intention of resigning, saying that it cost him great trouble to repress such manifestations, and that he was not able to answer for order with the powers at his disposal.

Senor Aguilera Resigns. "Thereupon the edict was issued placing Madrid under martial law, and the military governor, General Daban, re-

LAUNCHING THE LIFE-BOT.

There are greater dangers than those of the angry sea. That dread disease, consumption, kills more men and women in a generation than the sea has swallowed up since the earliest history of navigation.

There is a sure and safe life-boat ever ready to be launched for men and women who suffer from this merciless destroyer. It is Dr. Pierce's Golden Medical Discovery. It cures 98 per cent. of all cases of consumption, bronchitis, asthma, laryngitis, weak lungs, spitting of blood, and coughing. It acts directly on the lungs, driving out all impurities and disease germs. It soothes and heals the mucous membranes of the lungs, bronchial tubes, throat and nasal cavities. It restores the lost appetite, makes digestion and assimilation perfect, invigorates the liver, and purifies and enriches the blood. It fills the blood with the life-giving elements of the food that build new and healthy tissues. It tears down, carries off and excretes the diseased and half dead tissues upon which the germs of consumption thrive. It checks the cough and facilitates expectoration until the lungs are thoroughly cleared. It is the great blood-maker and flesh-builder. Unlike cod liver oil, it does not build flabby flesh, but the firm, muscular tissue of people corpulent. Thousands have testified to their cure under this great medicine after they were given up by the doctors, and all hope was gone. An honest dealer will not suggest some inferior substitute for the sake of a little extra selfish profit.

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

ceived stringent orders from General Corrao, the minister of war, for the preservation of peace.

"Meanwhile the cabinet council is discussing the political situation in Spain. Admiral Bermejo, minister of marine, and General Corrao are strongly in favor of an immediate suspension of the constitutional guarantees, a step which requires closing the cortes. The other members of the cabinet, however, consider this inconvenient at the present moment, because it would wipe out many years of the history of the Liberal party.

"There is a general belief that a total cabinet crisis is imminent and that it will probably end in a considerable modification of the present government, possibly in the formation of a national ministry under the presidency of Marshal Martinez Campos. In any case, parliament is certain to be closed very shortly.

Weyler's Popularity Increasing. The events of the last few days have undoubtedly increased the popularity of General Weyler, who favors an out and out war policy. At the same time there is no real ground for anticipation that he will come to the head of affairs. General Weyler is notorious, but not a prominent person in Spanish politics. Politicians and the people at large have been paying but little attention to him recently. His party is composed of a few persons of no very high standing. Moreover every one recognized that Weyler's cruelty in Cuba, and his policy as to the reconcentrados largely contributed to bring about the present state of affairs, while his alleged notorious laxity with regard to public money has made him much disliked. Public opinion is always likely to mistrust him, and he is unpopular with the queen regent.

"The country en masse is opposed to the idea of a republic. The people prefer Don Carlos or anything to such a change. They had enough of the republic in 1873. The indignation which is felt at present is not against the present dynasty, but against the government and the politicians in general.

If a military dictatorship should come, it would most probably be under the queen regent, and possibly General Martinez Campos. Even General Pavlovich has more chance than General Weyler. Such a dictatorship would take the form of conferring the premiership on one of these generals with full powers."

MILLIONS FOR MONARCHY. But Not Enough to Buy the Necessary Ironclads.

Madrid, May 4.—In the lower house of parliament yesterday Senor Salmeron continued demanding information as to the defenses in Manila, and insisting that this question should be discussed after the government had given its explanations.

Just at this moment General Weyler entered the chamber and seated himself between the Republicans and Carlists groups. Salmeron continued deploring the unpatriotic attitude of the conservatives, and attributed the country's ills to "the worn out regime under which we live." He concluded: "We expend millions to maintain the monarchy, but have not enough to buy ironclads. Whoever will destroy the existing regime will be a great patriot."

This declaration was received with loud conservative protests. Senor Sagasta made a determined reply, which was loudly applauded by a large majority of the chamber. He began by deploring the fact that the Spaniards were not united "in the present circumstances, when the country is involved in a war forced upon it."

If it were ever criminal to attack the fatherland, he said, it was surely more so now. Ecologizing the men who had fallen in battle, he declared it imperative that Spaniards should show themselves energetic, and he appealed to all parties to unite. He begged the chamber to adopt the necessary war credit. "I ask it," he said, "in the name of the soldiers and in the name of the fatherland."

WEYLER USES HIS PEN. Asserts Spanish Army and Navy Are Superior to Yankees.

Madrid, May 4.—An article written by General Weyler has appeared in a newspaper at Palma, capital of the Island of Majorca where the general was born and where his home is situated. The general says that it is the government that has been prepared, Spain would now be covered with glory.

Continuing, General Weyler asserts that the "Spanish army and navy are superior in discipline to the Yankees, whose lack of discipline was manifested in the loss of the Maine."

General Weyler then accuses the Spanish government of weakness, and concludes with making pessimistic predictions regarding the future.

RESOLUTION OF HONOR. Spanish Cortes Remember the Sailors Killed at Cavite.

Madrid, May 4.—Lower house of cortes has adopted a "resolution of honor" in memory of those killed at Cavite.

Government sees some deep laid machinations on the part of Great Britain in offer of British consul at Philippines to protect Chinese there.

SCANDALOUS SCENES. In the Spanish Cortes Amid Wild Excitement.

London, May 4.—A special dispatch from Madrid says the chamber assembled amid wild excitement, unparalleled in 20 years. The full strength of the police was called out and troops kept in the barracks under arms. There were scandalous scenes while Sagasta was speaking. Republicans and Carlists hurling insulting and abominable epithets, filling moderate members with shame.

Much Disaffection. Madrid, May 4.—The proclamation of martial law has caused much dissatisfaction, it being declared unnecessary unless the government has information of a secret conspiracy. The Cuban papers are particularly discontented with the state of affairs existing, as the mere mention of military operations is punishable severely. Groups of people which gather around the spots where the martial law proclamation is posted, promptly disperse, laughing when they read the article prohibiting public gatherings.

El Herald's Editor Comments. Madrid, May 4.—El Herald de Madrid says: "It was no caprice of the fortunes of war. From the very first cannon shot our fragile ships were at the mercy of the formidable hostile squadron. They were condemned to fall, one after another, under the fire of the American batteries, powerless to strike and were defended only by the valor in the breasts of their sailors. What has been gained by the illusion that Manila was fortified?"

Weather. Indiana and Ohio—Threatening and rain; colder. Illinois—Rain; colder in western and southern portion.

Democrats at Laporte. Laporte, Ind., May 4.—The Democrats yesterday elected the entire city ticket and three councilmen out of five making the new council a tie. Four years ago the Republicans re-elected the entire ticket except the marshal.

**NOT A SINGLE WORD**

Has the Government Heard From Dewey.

**TROOPS MAY BE SENT HIM**

Information Is Expected Soon From Gomez.

May Go to Meet the Oregon—Believed in Washington That Spaniards Cut the Manila Cable to Prevent Disastrous News Reaching Madrid—Recruiting at Chickamauga—Pacific Coast Troops Are Elated Over the Prospect of Going to the Philippines.

Washington, May 4.—Not a single word from the American fleet in the Philippines has been received and, in view of the long continued interruption in cable communication, the officials are beginning to resign themselves to the belief that they must await further official news until a boat arrives at Hong Kong.

If Admiral Dewey wants troops to hold what he may gain in the Philippines he will be sent as many as he needs directly from San Francisco and it is very likely that state volunteers will make up the quota. The cabinet has talked about this and is only waiting to hear what Commodore Dewey wants.

Meanwhile, the plans of the Cuban campaign are being steadily developed and there is no indication of a change of purpose on the part of the military authorities who are expected to land an expeditionary force in Cuba in a very short time.

Admiral Sampson, so far as the navy department knows, is steadily maintaining the blockade of the Cuban coast and this is not likely to be abandoned for the present, though two or three of his ships may be sent away temporarily to meet the Oregon on her way to Cuba from Rio Janeiro. While the officials of the navy department naturally feel a warm interest in this race of the magnificent battleship around the continent, they profess to feel a little anxiety as to the outcome, notwithstanding the current talk of an effort on the part of the Spanish flying squadron to cut off the Oregon.

The vessel sailed from Rio on a course known only to the captain and the chances of being overtaken on the high seas are very small. Even should the Spanish vessels fall in with her it is by no means certain, notwithstanding their numbers, that she would be defeated by the combined Spanish force, as her magnificent armor and ordnance are superior in every respect, size and quality, to those of the Spanish ships.

The proclamation directed against the Spanish residents of the United States by the state department has not yet been issued nor is it certain that it will issue; that probably depending upon the course pursued by the Spanish government in their treatment of American citizens by Spain.

China has issued her neutrality proclamation so there is now no place left on the Asiatic coast open to the free use of the war vessels of either Spain or the United States. This is rather remarkable in that it marks the first action of this kind on the part of China, which has never before issued a neutrality proclamation and the naval officers are duly grateful for the consideration shown by the Chinese government in withholding the issue of the decree until informed that the Americans had acquired a base in the Philippine islands.

WHO CUT THE CABLE? Believed to Have Been Spaniards to Shut Off Disastrous News.

Washington, May 4.—The French embassy is the only foreign establishment in Washington which has received official dispatches of the battle at Manila. These came from the French ambassador at Madrid and were drawn from Spanish reports. It was stated from Berlin that the foreign office there had cabled reports to all the German embassies, but the German embassy here has not received a word on the subject. The British, French and German governments have consuls at Manila but the cable interruption cuts them off from any communication with their government. Who has cut the cable is a source of much speculation. A leading diplomat said circumstances would indicate that the cutting had been done by Spanish officials on instructions from Madrid, in order to stop the transmission of further news of the disaster there and in that way calm the storm of popular indignation at Madrid. It is thought to have been impossible for Commodore Dewey to have cut the cable as he was unacquainted with its location 50 miles seaward and moreover, there appears to have been no motive for an interruption of cable communication on his part.

KENTUCKY BOY. Who Was a Victim of Spanish Treachery in Havana Harbor.

Elizabethtown, Ky., May 4.—W. B. Lancaster, a gentleman living near here, has just received a letter from Captain Sigbee of the ill-fated Maine that his son, John Lancaster, went down with his ship in the harbor of Havana. Mr. Lancaster was made aware for the first time that his son was in the navy and the old gentleman is broken down with grief.

READY TO GO. Pacific Coast Troops Elated Over the Prospect of Going to Philippines.

San Francisco, May 4.—The announcement that the government would properly send Pacific coast troops to the Philippines as soon as possible after Commodore Dewey's report has been received created considerable excitement in this city. The officers of the various departments eagerly read the press dispatches which conveyed the first intimation of the government's action and evinced the liveliest interest in this new chance for active service. In the absence of General Morrison, who is in command of the department of California, now at Vancouver barracks, nothing definite could be learned as to what, if any instructions had been received or given, but his subordinates stated that they were fully prepared to dispatch the requisite number of men as soon as the demand is made for them.

AT CHICKAMAUGA. Recruiting Is Moving Slowly Except in Colored Regiments.

Chickamauga National Park, Ga., May 4.—Recruiting the regular army at Chickamauga Park is going forward very slowly, except in the colored regiments and it is believed that the full quota of colored troops will be speedily obtained.

The officers and men have displayed more decidedly than heretofore their eagerness to get into the fray since the news of Commodore Dewey's victory at Manila and there is more or less chaffing at the present inactivity of camp life.

It is talked of as an open secret at Camp Thomas that the Third and Sixth cavalry are very soon to be moved to Tampa, but no official confirmation could be had from the commanding officer.

On account of the very warm weather the men are not required to do any hard drilling, the intention being to get them acclimated to the southern sun somewhat before any heavy work is required of them.

GENERAL GOMEZ. Information Expected From His Camp Through General Nunez.

Washington, May 4.—The Cuban authorities here expect to receive early information direct from the camp of General Gomez, brought by Brigadier General Nunez, who left here about 10 days ago and succeeded in landing a party and making his way to Gomez's camp. The party was a small one and took along some supplies, but its main purpose was to open communications with Gomez and bring word as to his resources and readiness for an aggressive movement. Officials of the Cuban delegation say General Nunez is likely to come out to one of the American warships on its return trip and thence to Key West to make reports to the authorities here.

IN THE COMMODORE'S HONOR. Citizens of Deweyville, O., Celebrate the Manila Victory.

Deweyville, O., May 4.—Probably the most jubilant people in the United States are the citizens of this village. The town was located by and named after Commodore Dewey who, when a young man, was interested for a short time in locating stove factories in this section. The people have been jubilant since Monday because of the victory. Yesterday they raised an immense flagpole with an American flag and commodore's pennant to commemorate the event.

Mustered In. Washington, May 4.—According to advices received by Adjutant General Corbin, the mustering in of the soldiers of the volunteer army was to begin in most of the states yesterday. With the limited force in charge of this work the mustering necessarily will take from two days to 10. Now that the mustering work is under way, the officials are giving their attention to questions of mobilization, transportation and subsistence, and by the time the soldiers are ready to move these questions will have been settled.

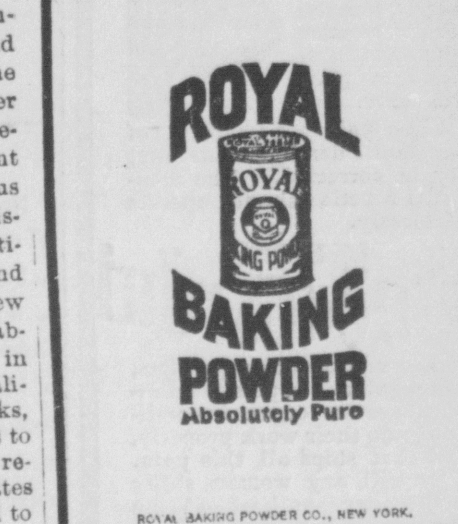

Thinks He Sank One of the Spaniards. Key West, May 4.—The Marblehead has arrived with the Argonauta, the Nashville's prize. While the Nashville was away from her prize capturing a mail steamer, two Spanish gunboats came out and attacked the Hornet. The Hornet returned the fire, the Marblehead coming into action soon after. After firing a broadside the Spaniards turned about. Captain McCalla thinks he sank one of the Spaniards and probably both. This occurred off Cienfuegos.

Second Lieutenants. Washington, May 4.—The secretary of war has decided that the second lieutenants who are to be appointed to the army from private life shall be not younger than 21 nor older than 30 years and that they shall undergo a quite rigid examination. The increase in the army will make necessary about 200 such appointments and there are many applications for the places.

Turkey Is Neutral. Constantinople, May 4.—Turkey has notified United States Minister Angell that she will maintain neutrality. United States legation received 2,000 offers to volunteer in American navy, chiefly Greeks. Some declare they will pay their passage in gratitude for American aid in Greek war of independence.

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

**McELEE'S Wine of Cardui**

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

And It Came to Pass.

Now it came to pass in those days when the time drew near for the inhabitants of the city to choose rulers, behold there came forward a great multitude of the valiant youth of the tribe of 16 to 1 who offered their bodies as a living sacrifice for the good of the city; and when the tribe had gathered them selves together from the five corners of the city, they did select from out the multitude some youths of tender years, and one who was old and slow of movement. And when the leader of the tribe beheld the choice that had been made he was sore distressed and with fear and trembling he did commune with himself and did cry aloud: 'ah! how shall we save these youths from the destruction that is sure to come upon them.

Now there is within the gates of this city a multitude of the sons of Africa who by nature and instinct do not train with the tribe of 16 to 1 but whose votes were yearned for by the tribe of 16 to 1, and behold the chief man of the tribe, whose surname is the "Sounder of the Keynote," he did rend his garments and did run through the streets of the city in search of a man who could capture the votes of the sons of Africa and when he had found him man he fell upon his neck and wept with a sore weep; and did prophesy unto the man of Africa with a loud voice saying: "O, man of Africa, we are sore distressed! Behold there be in the city a great multitude of thine own tribe who are against us and without their aid the youth on our ticket will be devoured. We beseech, thee, oh man of Africa, to get thee among thine own tribe and to cry aloud and spare not! Yea, we beseech thee to become a Moses unto them and to lead them into our camp, that the youth on our ticket may not be slain!" Now this man of Africa was a wonder to behold. In height he is like unto the giraffe and in thickness he is like unto the stalk of the sunflower when it putteth forth its bloom; and his complexion is like unto that of a new saddle and his voice is like unto a foghorn, and his feet is like unto a pair of bob-sleds; and with swiftness of hoof he did get himself unto his own tribe and with a loud voice did prophesy unto them saying: "O, ye men of Africa, behold this is I! and it is I that hath absorbed the intelligence of the African race, and behold I come unto you as the ambassador of the 'Sounder of the Keynote' proclaimed it! But if you heed not the words of this prophesy then famine and pestilence shall come upon you." And when he had finished his prophesy the whole tribe of the sons of Africa with one accord did laugh with a loud laugh and did say with one voice: "O, rats! What do you take us for?"

Some of Company G remains.

Editor Mercer was among the Sunday visitors.

Company G. will receive medical examination this week.

George Horstman was pronounced unacceptable last week by the surgeon.

Col. Geo. Pennington was thrown from his charger Saturday and one leg was broken.

The entire brigade was reviewed by Gov. Mount and Brig. Gen. McKee Sunday.

Wm. Wacker, "Coon" Benton, Elisha Sewell, Harry Clemments and John Pferrer visited camp Sunday.

When Company G. left Brownstown we boasted as full a company as any in the state, but two prominent citizens of Brownstown, one a county candidate, came among us and persuaded over a score of our men to show their own weakness and humiliate their company. Saturday afternoon when the first opportunity was offered they demanded their discharge and forty-seven were sent home. If the officers had not prevented it they would have been roughly handled by some of the other companies. Those who returned home without a good reason at the first prospect of danger and the two prominent citizens who used their influence to cause the fellows to leave are not receiving any kind words among the boys who remain.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled for sale by C. ## VICTORY AT HOME.

## THE REPUBLICANS MAINTAIN CON- TROL OF THE CITY.

Elect the General Ticket Excepting Clerk,  
And Three Out of The Five  
Councilmen.

The republicans of Seymour are  
jubilant over the election yesterday  
but would be better pleased if they had  
made a clean sweep. They had a good  
ticket and every man on it should have  
been elected. But the people expressed  
their preferences at the ballot box, and  
all citizens will acquiesce in the result.  
The vote polled was larger than two  
years ago, yet quite a number of voters,  
whose names were on the poll books  
never presented themselves at the polls.

The election of Mr. Mill's, mayor, by  
a majority of 277 was no surprise. It  
has been conceded ever since his nom-  
ination that he would be elected. He  
is personally popular and a never  
tiring hustler.

The vote given Thos. J. Clark again  
proves his strength before the people.  
His majority was 240. Tom will have  
charge of the city's cash account four  
years longer.

Abe Thicksten will continue to wear  
the blue coat and preserve order in  
our community. His majority over  
Groff was 236.

Judge Hoover's majority over James  
O. Staples was uncomfortably small  
yet safe. Our worthy city judge will  
hold down the woolsock four years  
longer.

Out of the five councilmen the re-  
publicans took three. Goodale, repub-  
lican, was defeated in the first ward by  
sixty-five votes. The ward is largely  
democratic, and besides, the opposition  
forces were centered against Mr. Good-  
ale and so determined were they that  
they were ready to sacrifice any part of  
their ticket to accomplish his defeat.  
In the second ward J. B. Shepard  
won a decided victory over his oppo-  
nent, Mr. Donaldson. His majority  
was 25.

The result in the third ward was a  
decisive republican victory. The re-  
tention of Councilman DeGolyer

with a democratic majority against  
him, speaks well for his past services in  
the council.

The election of Robert Binder in the  
fourth ward over J. W. Bergdoll was a  
surprise even to the victor. Too many  
republicans in that ward were careless  
in the stamping of their ballots. Quite  
a number of voters in the fourth ward  
did not vote for councilman at all.

The usual old time majority was re-  
turned in the fifth ward. The republi-  
cans down there voted for Frank Brei-  
hauer and elected him over George  
Massman by a majority of 43.

This rooster is of the democratic  
variety and is crowing lustily for Ed.  
Jennings, George Huber and Robert  
Binder. He hoped to be a prouder  
and a somewhat more noisy bird today  
than he is. Ed. Jennings was the  
strongest man on the democratic ticket  
and made a hard fight. Then all the  
force that could be commanded was  
pitted against Mr. McKinney, his op-  
ponent. Jennings' majority was 118.  
The newly elected councilmen take  
their seat Thursday night and those  
elected on the general ticket will suc-  
ceed their predecessors September 1st.

## DIED.

Aaron Greule, a respected citizen of  
this city and an old veteran died at 12  
o'clock Tuesday night, April 3, 1898, at

### How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils and gives a good complexion. Every bottle guaranteed. Sold at W. F. Peter's drug store. 50 cents a bottle.

Many People Cannot Drink Coffee at night. It spoils their sleep. You can drink Grain-O when you please and sleep like a top. For Grain-O does not stimulate; it nourishes, cheers and feeds. Yet it looks and tastes like the best coffee. For nervous persons, young people and children Grain-O is the perfect Drink. Made from pure grains. Get a package from your grocer today. Try it in place of coffee. 15 and 25c.

### INSANE SCHOOLTEACHER

Two Blocks of Buildings Burned as a Result of War Celebration—Treated His Restaurant to a Coat of Coal Tar. Alleged Queer Transaction—Ex-Governor Matthews Recruiting a Company.

Chesterton, Ind., May 4.—Spanish spies are threatening the destruction of the Aetna powdermill at Miller station, near here. He took his revolver and started for the Cost home with the avowed purpose of killing the young lady and her mother. Gray was disarmed, however, by John Bridges, just as he was forcing an entrance to the house, and Bridges, with the aid of several men, placed him under lock and key.

### FIRE AT SHOALS.

Two Blocks of Buildings Burned as the Result of a Celebration.

Shoals, Ind., May 4.—The firing of roman candles in celebration of the victory at Manila destroyed nearly two blocks of frame business buildings, and caused a loss in round numbers, estimated at \$60,000. Eleven business houses, the postoffice, one residence, the Logosotee Gymnasium club's building and the Baptist church were among those destroyed.

### The War Ended.

Tipton, Ind., May 4.—A number of small boys here were playing war, being armed with toy guns and swords and divided into American and Spanish armies. A Robert rifle, thought to be not loaded, was discharged by one of the Spaniards, and an American soldier, Ernest Rosenthal, aged 6, received the bullet in his thigh, ranging downward and out the knee-cap. This shot ended the war.

### Alleged Queer Transaction.

Vevay, Ind., May 4.—Oliver S. Clendenning of this place went to Shelbyville last week and, it is alleged, represented that he was a traveling man for a tile manufacturing concern, and that he gave checks to parties in that city for \$25 each, which were afterward discovered to be worthless. Our Sister Republic, Everything in Mexico is so radically different from what we find at home that the tourist is perpetually charmed as well as interested. Its civilization runs back to so many centuries and has left so many enduring monuments, its people are so quaint and picturesque, its scenery so bold and rugged, and its cities so novel in their phases of local life, that one never tires of sightseeing in this charming land. The City of Mexico itself, with its great cathedral, its many churches, its byways teaming with busy life and novel industries, its wonderful environs, the holy sepulchers to which the pilgrimages are made, its palaces, its well worth week of study, while many lesser cities are centers of peculiar interest. Thus Guanajuato its catacombs; Zucatecas, the great silver mining center; Guadalajara, the so-called Boston of Mexico and the center of its art life, and Durango, the great iron mining district. The are but a few of the more conspicuous points which the tourist makes stopping places on his journey. Any agent of the Southern Pacific road will take pleasure in giving the inquirer full information, or by writing to W. G. Niemeyer, Gen. Western Agent, Southern Pacific Co., 238 Clark St., Chicago, copies of the new pamphlet on Mexico, entitled "Vamos a Mexico," which the Southern Pacific has just issued, will be sent you if you inclose four cents in stamps.

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

## McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Greenville, Texas, says:

"I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

### And It Came to Pass.

Now it came to pass in those days when the time drew near for the inhabitants of the city to choose rulers, behold there came forward a great multitude of the valiant youth of the tribe of 16 to 1 who offered their bodies as a living sacrifice for the good of the city; and when the tribe had gathered them selves together from the five corners of the city, they did select from out the multitude some youths of tender years, and one who was old and slow of movement. And when the leader of the tribe beheld the choice that had been made he was sore distressed and with fear and trembling he did commune with himself and did cry aloud: alas! how shall we save these youths from the destruction that is sure to come upon them.

Now there is within the gates of this city a multitude of the sons of Africa who by nature and instinct do not train with the tribe of 16 to 1 but whose votes were yearned for by the tribe of 16 to 1, and behold the chief man of the tribe, whose surname is the "Sounder of the Keynote," he did rend his garments and did run through the streets of the city in search of a man who could capture the votes of the sons of Africa and when he had found him man he fell upon his neck and wept with a sore weep; and did prophesy unto the man of Africa with a loud voice saying: "O, man of Africa, we are sore distressed! Behold there be in the city a great multitude of thine own tribe who are against us and without their aid the youth on our ticket will be devoured. We beseech thee, oh man of Africa, to get thee among thine own tribe and to cry aloud and spare not! Yea, we beseech thee to become a Moses unto them and to lead them into our camp, that the youth on our ticket may not be slain!" Now this man of Africa was a wonder to behold. In height he is like unto the giraffe and in thickness he is like unto the stalk of the sunflower when it putteth forth its bloom; and his complexion is like unto that of a new saddle and his voice is like unto a foghorn, and his feet is like unto a pair of bob-sleds and with swiftness of hoof he did get himself unto his own tribe and with a loud voice did prophesy unto them saying: "O, ye men of Africa, behold this is I! and it is I that hath absorbed the intelligence of the African race, and behold I come unto you as the ambassador of the 'Sounder of the Keynote' and I prophesy unto you that if you will join yourselves unto the tribe of 16 to 1 and aid them in saving the youth on the ticket from destruction, behold ye shall be forever blessed for lo, hath not the 'Sounder of the Key-note' proclaimed it? But if you heed not the words of this prophesy then famine and pestilence shall come upon you." And when he had finished his prophesy the whole tribe of the sons of Africa with one accord did laugh with a loud laugh and did say with one voice: "O, rats! What do you take us for?"

We have been informed that Frank Ackerman has purchased another farm of 100 acres, making him we believe, the owner of 250 acres of "Egypt's" fertile soil.

The river is again in its banks but owing to the overflow and subsequent rainy weather the farmers are much behind with their work. Very little corn is planted and most of the ground not yet broken.

## VICTORY AT HOME.

## THE REPUBLICANS MAINTAIN CON- TROL OF THE CITY.

Elect the General Ticket Excepting Clerk,  
And Three Out of the Five  
Councilmen.

The republicans of Seymour are  
jubilant over the election yesterday  
but would be better pleased if they had  
made a clean sweep. They had a good  
ticket and every man on it should have  
been elected. But the people expressed  
their preferences at the ballot box, and  
all citizens will acquiesce in the result.  
The vote polled was larger than two  
years ago, yet quite a number of voters,  
whose names were on the poll books  
never presented themselves at the  
polls.

The election of Mr. Mill's, mayor, by  
a majority of 277 was no surprise. It  
has been conceded ever since his nom-  
ination that he would be elected. He  
is personally popular and a never  
tiring hustler.

The vote given Thos. J. Clark again  
proves his strength before the people.  
His majority was 240. Tom will have  
charge of the city's cash account four  
years longer.

Abe Thicksten will continue to wear  
the blue coat and preserve order in  
our community. His majority over  
Groff was 236.

Judge Hoover's majority over James  
O. Staples was uncomfortably small  
yet safe. Our worthy city judge will  
hold down the woolsock four years  
longer.

Out of the five councilmen the re-  
publicans took three. Goodale, repub-  
lican, was defeated in the first ward by  
sixty-five votes. The ward is largely  
democratic, and besides, the opposition  
forces were centered against Mr. Good-  
ale and so determined were they that  
they were ready to sacrifice any part of  
their ticket to accomplish his defeat.  
In the second ward J. B. Shepard  
won a decided victory over his oppo-  
nent, Mr. Donaldson. His majority  
was 25.

The result in the third ward was a  
decisive republican victory. The re-  
sult of Councilman DeGolyer

with a democratic majority against  
him, speaks well for his past services in  
the council.

The election of Robert Binder in the  
fourth ward over J. W. Bergdoll was a  
surprise even to the victor. Too many  
republicans in that ward were careless  
in the stamping of their ballots. Quite  
a number of voters in the fourth ward  
did not vote for councilman at all.

The usual old time majority was re-  
turned in the fifth ward. The republi-  
cans down there voted for Frank Bre-  
hauer and elected him over George  
Massman by a majority of 43.

This rooster is of the democratic  
variety and is crowing lustily for Ed.  
Jennings, George Huber and Robert  
Binder. He hoped to be a prouder  
and a somewhat more noisy bird today  
than he is. Ed. Jennings was the  
strongest man on the democratic ticket  
and made a hard fight. Then all the  
force that could be commanded was  
pitted against Mr. McKinney, his op-  
ponent. Jennings' majority was 118.  
The newly elected councilmen take  
their seat Thursday night and those  
elected on the general ticket will suc-  
ceed their predecessors September lat.

## AETNA POWDERMILLS

Spanish Spies Threaten Their Destruction.

### INSANE SCHOOLTEACHER

Two Blocks of Buildings Burned as a Result of War Celebration—Treated His Restaurant to a Coat of Coal Tar. Alleged Queer Transaction—Ex-Governor Matthews Recruiting a Company.

Chesterton, Ind., May 4.—Spanish spies are threatening the destruction of the Aetna powdermill at Miller station, near here. Guards are on duty day and night to prevent the blowing up of the large supplies of explosives. No one is allowed within the inclosures where the government supplies are stored, and no new men are given employment.

### TEACHER INSANE.

Endeavored to Kill a Young Woman Who Jilted Him. Young America, Ind., May 4.—Frank Gray, a schoolteacher, has become violently insane. He had been jilted by Miss Clara Cost, the daughter of a druggist here. He took his revolver and started for the Cost home with the avowed purpose of killing the young lady and her mother. Gray was disarmed, however, by John Bridges, just as he was forcing an entrance to the house, and Bridges, with the aid of several men, placed him under lock and key.

### FIRE AT SHOALS.

Two Blocks of Buildings Burned as the Result of a Celebration. Shoals, Ind., May 4.—The firing of roman candles in celebration of the victory at Manila destroyed nearly two blocks of frame business buildings, and caused a loss in round numbers, estimated at \$60,000. Eleven business houses, the postoffice, one residence, the Logosotee Gymnasium club's building and the Baptist church were among those destroyed.

### The War Ended.

Tipton, Ind., May 4.—A number of small boys here were playing war, being armed with toy guns and swords and divided into American and Spanish armies. A Robert rifle, thought to be not loaded, was discharged by one of the Spaniards, and an American soldier, Ernest Rosenthal, aged 8, received the bullet in his thigh, ranging downward and out the kneecap. This shot ended the war.

### Alleged Queer Transaction.

Vevay, Ind., May 4.—Oliver S. Clendenning of this place went to Shelbyville last week and, it is alleged, represented that he was a traveling man for a tile manufacturing concern, and that he gave checks to parties in that city for \$25 each, which were afterward discovered to be worthless. West Liberty, O., May 4.—Mrs. Jennie Van Vinkle, aged 63, a spiritualistic medium, died very suddenly here. She had been ailing and was found by her husband lying unconscious on the floor with a medium's trumpet in her hand. As she had often fallen in trances during spiritual excitement he thought nothing unusual had happened until he noticed that she had ceased to breathe. It is the supposition that she was endeavoring to consult with the spirits when heart failure ended her life.

RECEIVED FROM  
**Dr. Miles' New Heart Cure.**

ELLI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munnell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart. In the worst form, my limbs swelled from the ankles up. I bloated until I was unable to move. I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

**CABINET CRISIS**

Fall of the Sagasta Ministry Likely In a Short Time.

**DOWN WITH BURBONS**

Was the Cry Raised on the Streets of the Don's Capital.

**CALLED ON SAGASTA**

Mob Shouted In Favor of the Minister's Resignation. Weyler Cheered.

**OPPOSED TO A REPUBLIC**

Campos or Queen Regent May Be Dictator.

Much Disaffection Over the Proclamation Declaring Martial Law—Government Refused Great Britain's Offer to Protect Chinese in the Philippines. Weyler Writes an Article in Which He Accuses the Government of Weakness and Says the Spanish Army Is Superior to the Yankees.

London, May 4.—The Madrid correspondent of The Daily Mail says: "There is no longer any doubt that the internal situation is causing the government almost as much uneasiness as the external. Monday night's demonstration was the most serious for some time, since those participating openly showed their revolutionary tendencies. Cries were raised of 'Down with the Barbons,' 'Long live Don Carlos,' 'Long live the republic,' and 'Long live Weyler.'"

"The first move of the demonstrators, (over 1,000 strong) was to the house of General Weyler, with the object of cheering him. He did not appear and the crowd then went to the residence of Senor Sagasta, where the ministers were in conference, and shouted in favor of his resignation. Senor Aguilera, civil governor of Madrid, broke up the procession with the aid of the police, who were badly stoned and had to charge the crowd. The authorities thereupon met with Senor Aguilera, who announced his intention of resigning, saying that it cost him great trouble to repress such manifestations, and that he was not able to answer for order with the powers at his disposal."

Senor Aguilera Resigns. "Thereupon the edict was placed placing Madrid under martial law, and the military governor, General Daban, re-

LAUNCHING THE LIFE-BOAT.

There are greater dangers than those of the angry sea. That dread disease—consumption, kills more men and women in a generation than the sea has swallowed up since the earliest history of navigation.

There is a sure and safe life-boat ever ready to be launched for men and women who suffer from this merciless destroyer. It is Dr. Pierce's Golden Medical Discovery. It cures 98 per cent. of all cases of consumption, bronchitis, asthma, laryngitis, weak lungs, spitting of blood, and throat and nasal troubles. It acts directly on the lungs, driving out all impurities and disease germs. It soothes and heals the mucous membranes of the lungs, bronchial tubes, throat and nasal cavities. It restores the lost appetite, makes digestion and assimilation perfect, invigorates the liver, and purifies and enriches the blood. It fills the blood with the life-giving elements of the food that build new and healthy tissues.

It tears down, carries off and excretes the diseased and half dead tissues upon which the germs of consumption thrive. It checks the cough and facilitates expectoration until the lungs are thoroughly cleared. It is the great blood-maker and flesh-builder. Unlike cod liver oil, it does not build fatty flesh, but the firm, muscular tissues of health. It does not make corpulent people more corpulent. Thousands have testified to their cure under this great medicine after they were given up by the doctors, and all hope was gone. An honest dealer will not suggest some inferior substitute for the sake of a little extra selfish profit.

A man or woman who neglects consumption suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers "just as good."

C. A. SNOW &amp; CO.

ceived stringent orders from General Corrao, the minister of war, for the preservation of peace.

"Meanwhile the cabinet council is discussing the political situation in Spain. Admiral Bermejo, minister of marine, and General Corrao are strongly in favor of an immediate suspension of the constitutional guarantees, a step which requires closing the cortes. The other members of the cabinet, however, consider this inconvenient at the present moment, because it would wipe out many years of the history of the Liberal party."

"There is a general belief that a total cabinet crisis is imminent and that it will probably end in a considerable modification of the present government, possibly in the formation of a national ministry under the presidency of Marshal Martinez Campos. In any case, parliament is certain to be closed very shortly."

Weyler's Popularity Increasing. The events of the last few days have undoubtedly increased the popularity of General Weyler, who favors an out and out war policy. At the same time there is no real ground for anticipation that he will come to the head of affairs. General Weyler is notorious, but not a prominent person in Spanish politics. Politicians and the people at large have been paying but little attention to him recently. His party is composed of a few persons of no very high standing. Moreover every one recognized that Weyler's cruelty in Cuba, and his policy as to the reconcentrados largely contributed to bring about the present state of affairs, while his alleged notorious laxity with regard to public money has made him much disliked. Public opinion is always likely to mistrust him, and he is unpopular with the queen regent.

"The country en masse is opposed to the idea of a republic. The people prefer Don Carlos or anything to such a change. They had enough of the republic in 1873. The indignation which is felt at present is not against the present dynasty, but against the government and the politicians in general."

If a military dictatorship should come, it would most probably be under the queen regent, and possibly General Martinez Campos. Even General Polavieja has more chance than General Weyler. Such a dictatorship would take the form of conferring the premiership on one of these generals with full powers."

MILLIONS FOR MONARCHY.

But Not Enough to Buy the Necessary Ironclads.

Madrid, May 4.—In the lower house of parliament yesterday Senor Salmeron continued demanding information as to the defenses in Manila bay, and insisting that this question should be discussed after the government had given its explanations.

Just at this moment General Weyler entered the chamber and seated himself between the Republicans and Carlists groups. Salmeron continued deploring the unpatriotic attitude of the conservatives, and attributed the country's ills to "the worn out regime under which we live." He concluded: "We expend millions to maintain the monarchy, but have not enough to buy ironclads. Whoever will destroy the existing regime will be a great patriot."

This declaration was received with loud conservative protests. Senor Sagasta made a determined reply, which was loudly applauded by a large majority of the chamber. He began by deploring the fact that the Spaniards were not united "in the present circumstances, when the country is involved in a war forced upon it."

If it were ever criminal to attack the fatherland, he said, it was surely more so now. Eulogizing the men who had fallen in battle, he declared it imperative that Spaniards should show themselves energetic, and he appealed to all parties to unite. He begged the chamber to adopt the necessary war credit. "I ask it," he said, "in the name of the soldiers and in the name of the fatherland."

WEYLER USES HIS PEN.

Asserts Spanish Army and Navy Are Superior to Yankees.

Madrid, May 4.—An article written by General Weyler has appeared in a newspaper at Palma, capital of the island of Majorca where the general was born and where his home is situated. The general says that if the government had been prepared, Spain would now be covered with glory.

Continuing, General Weyler asserts that the "Spanish army and navy are superior in discipline to the Yankees, whose lack of discipline was manifested in the loss of the Maine."

General Weyler then accuses the Spanish government of weakness, and concludes with making pessimistic predictions regarding the future.

RESOLUTION OF HOMAGE.

Spanish Cortes Remember the Sailors Killed at Cavite.

Madrid, May 4.—Lower house of cortes has adopted a "resolution of homage" in memory of those killed at Cavite.

Government sees some deep laid machinations on the part of Great Britain in offer of British consul at Philippines to protect Chinese there. Government rejects British offer to protect Chinese at Manila. Will inform powers who are undisposed to allow British to protect China that they have squadrons in the far east themselves for that purpose.

SCANDALOUS SCENES.

In the Spanish Cortes Amid Wild Excitement.

London, May 4.—A special dispatch from Madrid says the chamber assembled amid wild excitement, unparalleled in 20 years. The full strength of the police was called out and troops kept in the barracks under arms. There were scandalous scenes while Sagasta was speaking. Republicans and Carlists hurling insulting and abominable epithets, filling moderate members with shame.

Much Disaffection.

Madrid, May 4.—The proclamation of martial law has caused much dissatisfaction, it being declared unnecessary unless the government has information of a secret conspiracy. The Cuban papers are particularly discontented with the state of affairs existing, as the mere mention of military operations is punishable severely. Groups of people which gather around the spots where the martial law proclamation is posted, promptly disperse, laughing when they read the article prohibiting public gatherings.

El Herald's Comment.

Madrid, May 4.—El Herald de Madrid says: "It was no caprice of the fortunes of war. From the very first cannon shot our fragile ships were at the mercy of the formidable hostile squadron. They were condemned to fail, one after another, under the fire of the American batteries, powerless to strike and were defended only by the valor in the breasts of their sailors. What has been gained by the illusion that Manila was fortified?"

Weather.

Indiana and Ohio—Threatening and rain; colder.

Illinois—Rain; colder in western and southern portions.

Democrats at Laporte.

Laporte, Ind., May 4.—The Democrats yesterday elected the entire city ticket and three councilmen out of five making the new council a tie. Four years ago the Republicans re-elected the entire ticket except the marshal.

**NOT A SINGLE WORD**

Has the Government Heard From Dewey.

**TROOPS MAY BE SENT HIM**

Information Is Expected Soon From Gomez.

May Go to Meet the Oregon—Believed in Washington That Spaniards Cut the Manila Cable to Prevent Disastrous News Reaching Madrid—Recruiting at Chickamauga—Pacific Coast Troops Are Elated Over the Prospect of Going to the Philippines.

Washington, May 4.—Not a single word from the American fleet in the Philippines has been received and, in view of the long continued interruption in cable communication, the officials are beginning to resign themselves to the belief that they must await further official news until a boat arrives at Hong Kong.

If Admiral Dewey wants troops to hold what he may gain in the Philippines he will be sent as many as he needs directly from San Francisco and it is very likely that state volunteers will make up the quota. The cabinet has talked about this and is only waiting to hear what Commodore Dewey wants.

Meanwhile, the plans of the Cuban campaign are being steadily developed and there is no indication of a change of purpose on the part of the military authorities who are expected to land an expeditionary force in Cuba in a very short time.

Admiral Sampson, so far as the navy department knows, is steadily maintaining the blockade of the Cuban coast and this is not likely to be abandoned for the present, though two or three of his ships may be sent away temporarily to meet the Oregon on her way to Cuba from Rio Janeiro. While the officials of the navy department naturally feel a warm interest in this race of the magnificent battleship around the continent, they profess to feel a little anxiety as to the outcome, notwithstanding the current talk of an effort on the part of the Spanish flying squadron to cut off the Oregon.

The vessel sailed from Rio on a course known only to the captain and the chances of being overtaken on the high seas are very small. Even should the Spanish vessels fall in with her it is by no means certain, notwithstanding their numbers, that she would be defeated by the combined Spanish force, as her magnificent armor and ordnance are superior in every respect, size and quality, to those of the Spanish ships.

The proclamation directed against the Spanish residents of the United States by the state department has not yet been issued nor is it certain that it will issue; that probably depending upon the course pursued by the Spanish government in their treatment of American citizens by Spain.

China has issued her neutrality proclamation so there is now no place left on the Asiatic coast open to the free use of the war vessels of either Spain or the United States. This is rather remarkable in that it marks the first action of this kind on the part of China, which has never before issued a neutrality proclamation and the naval officers are only grateful for the consideration shown by the Chinese government in withholding the issue of the decree until informed that the Americans had acquired a base in the Philippine islands.

WHO CUT THE CABLE? Believed to Have Been Spaniards to Shut Off Disastrous News. Washington, May 4.—The French embassy is the only foreign establishment in Washington which has received official dispatches of the battle at Manila. These

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

**McELREE'S Wine of Cardui**

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS,  
of Denerville, Texas, says:  
"I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

### And It Came to Pass.

Now it came to pass in those days when the time drew near for the inhabitants of the city to choose rulers, behold there came forward a great multitude of the valiant youth of the tribe of 16 to 1 who offered their bodies as a living sacrifice for the good of the city; and when the tribe had gathered them selves together from the five corners of the city, they did select from out the multitude some youths of tender years, and one who was old and slow of movement. And when the leader of the tribe beheld the choice that had been made he was sore distressed and with fear and trembling he did commune with himself and did cry aloud: 'Behold here we have these youths from the destruction that is sure to come upon them.'

Now there is within the gates of this city a multitude of the sons of Africa who by nature and instinct do not train with the tribe of 16 to 1 but whose votes were yearned for by the tribe of 16 to 1, and behold the chief man of the tribe, whose surname is the "Sounder of the Keynote," he did rend his garments and did run through the streets of the city in search of a man who could capture the votes of the sons of Africa and when he had found his man he fell upon his neck and wept with a sore weep; and did prophesy unto the man of Africa with a loud voice saying: "O, man of Africa, we are sore distressed! Behold there be in the city a great multitude of thine own tribe who are against us and without their aid the youth on our ticket will be devoured. We beseech thee, oh man of Africa, to get thee among thine own tribe and to cry aloud and spare not! Yea, we beseech thee to become a Moses unto them and to lead them into our camp, that the youth on our ticket may not be slain!" Now this man of Africa was a wonder to behold. In height he is like unto the giraffe and in thickness he is like unto the stalk of the sunflower when it putteth forth its bloom; and his complexion is like unto that of a new saddle and his voice is like unto a foghorn, and his feet is like unto a pair of bob-sleds; and with swiftness of hoof he did get himself unto his own tribe and with a loud voice did prophesy unto them saying: "O, ye men of Africa, behold this is I! and it is I that hath absorbed the intelligence of the African race, and behold I come unto you as the ambassador of the 'Sounder of the Keynote' and I prophesy unto you that if you will join yourselves unto the tribe of 16 to 1 and aid them in saving the youth on the ticket from destruction, behold ye shall be forever blessed for lo, hath not the 'Sounder of the Key-note' proclaimed it? But if you heed not the words of this prophesy then famine and pestilence shall come upon you." And when he had finished his prophesy the whole tribe of the sons of Africa with one accord did laugh with a loud laugh and did say with one voice: "O, rats! What do you take us for?"

## VICTORY AT HOME.

## THE REPUBLICANS MAINTAIN CON- TROL OF THE CITY.

Elect the General Ticket Excepting Clerk,  
And Three Out of The Five  
Councilmen.

The republicans of Seymour are  
jubilant over the election yesterday  
but would be better pleased if they had  
made a clean sweep. They had a good  
ticket and every man on it should have  
been elected. But the people expressed  
their preferences at the ballot box, and  
all citizens will acquiesce in the result.  
The vote polled was larger than two  
years ago, yet quite a number of voters,  
whose names were on the poll books  
never presented themselves at the  
polls.

The election of Mr. Mill's, mayor, by  
a majority of 277 was no surprise. It  
has been conceded ever since his nom-  
ination that he would be elected. He  
is personally popular and a never  
tiring hustler.

The vote given Thos. J. Clark again  
proves his strength before the people.  
His majority was 240. Tom will have  
charge of the city's cash account four  
years longer.

Abe Thicksten will continue to wear  
the blue coat and preserve order in  
our community. His majority over  
Groff was 236.

Judge Hoover's majority over James  
O. Staples was uncomfortably small  
yet safe. Our worthy city judge will  
hold down the woolsock four years  
longer.

Out of the five councilmen the re-  
publicans took three. Goodale, repub-  
lican, was defeated in the first ward by  
sixty-five votes. The ward is largely  
democratic, and besides, the opposition  
forces were centered against Mr. Good-  
ale and so determined were they that  
they were ready to sacrifice any part of  
their ticket to accomplish his defeat.  
In the second ward J. B. Shepard  
won a decided victory over his oppo-  
nent, Mr. Donaldson. His majority  
was 25.

The result in the third ward was a  
decisive republican victory. The re-  
sult of of Councilman DeGolyer

with a democratic majority against  
him, speaks well for his past services in  
the council.

The election of Robert Binder in the  
fourth ward over J. W. Bergdoll was a  
surprise even to the victor. Too many  
republicans in that ward were careless  
in the stamping of their ballots. Quite  
a number of voters in the fourth ward  
did not vote for councilman at all.

The usual old time majority was re-  
turned in the fifth ward. The republi-  
cans down there voted for Frank Bre-  
hauer and elected him over George  
Massman by a majority of 43.

This rooster is of the democratic  
variety and is crowing lustily for Ed.  
Jennings, George Huber and Robert  
Binder. He hoped to be a prouder  
and a somewhat more noisy bird today  
than he is. Ed. Jennings was the  
strongest man on the democratic ticket  
and made a hard fight. Then all the  
force that could be commanded was  
pitted against Mr. McKinney, his op-  
ponent. Jennings' majority was 118.

The newly elected councilmen take  
their seat Thursday night and those  
elected on the general ticket will suc-  
ceed their predecessors September 1st.

### How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils and gives a good complexion. Every bottle guaranteed. Sold at W. F. Peter's drug store. 50 cents a bottle.

Many People Cannot Drink Coffee at night. It spoils their sleep. You can drink Grain-O when you please and sleep like a top. For Grain-O does not stimulate; it nourishes, cheers and feeds. Yet it looks and tastes like the best coffee. For nervous persons, young people and children Grain-O is the perfect Drink. Made from pure grains. Get a package from your grocer today. Try it in place of coffee. 15 and 25c.

Chesterton, Ind., May 4.—Spanish spies are threatening the destruction of the Aetna powdermill at Miller station, near here. ### FIRE AT SHOALS.

Two Blocks of Buildings Burned as the Result of a Celebration.

Shoals, Ind., May 4.—The firing of roman candles in celebration of the victory at Manila destroyed nearly two blocks of frame business buildings, and caused a loss in round numbers, estimated at \$60,000. ### The War Ended.

Tipton, Ind., May 4.—A number of small boys here were playing war, being armed with toy guns and swords and divided into American and Spanish armies. A Robert rifle, thought to be not loaded, was discharged by one of the Spaniards, and an American soldier, Ernest Rosenthal, aged 6, received the bullet in his thigh, ranging downward and out the kneecap. This shot ended the war.

### Alleged Queer Transaction.

Vevay, Ind., May 4.—Oliver S. Clendenning of this place went to Shelbyville last week and, it is alleged, represented that he was a traveling man for a tile manufacturing concern, and that he gave checks to parties in that city for \$25 each, which were afterward discovered to be worthless. It is said the bank here has turned down drafts to the amount of several hundred dollars for want of funds deposited to their credit.

### Our Sister Republic.

Everything in Mexico is so radically different from what we find at home that the tourist is perpetually charmed as well as interested. Its civilization runs back to so many centuries and has left so many enduring monuments, its people are so quaint and picturesque, its scenery so bold and rugged, and its cities so novel in their phases of local life, that one never tires of sightseeing in this charming land. The City of Mexico itself, with its great cathedral, its many churches, its byways teaming with busy life and novel industries, its wonderful environs, the holy sepulchers to which the pilgrimages are made, its palaces, is well worth weeks of study, while many lesser cities are centers of peculiar interest. Thus Guadalupe its catacombs; Zictecoca, the great silver mining center; Guadalupe, the so-called Boston of Mexico and the center of its art life, and Durango, the great iron mining district. There are but a few of the more conspicuous points which the tourist makes stopping places on his journey. Any agent of the Southern Pacific road will take pleasure in giving the inquirer full information, or by writing to W. G. Niemeyer, Gen. Western Agent, Southern Pacific Co., 238 Clark St., Chicago, copies of the new pamphlet on Mexico, entitled "Vamos a Mexico," which the Southern Pacific has just issued, will be sent you if you inclose four cents in stamps.
